surface disinfection

- universally applicable
- with good cleaning capacities and pleasant scents
- aldehyde-free
- surface disinfection concentrate

CE  
0481

## RHEOSEPT-FD universal

Aldehyde-free surface disinfection concentrate

### Product description

Surface disinfection without the addition of aldehyde. For application in hospitals, kindergartens, schools, foster homes, swimming pools and other public facilities for disinfection. Simple dosing at an excellent price/performance ratio. Adequate for water-resistant surfaces as well as acrylic glass. Spectrum of activity: bactericide, fungicide, viricide (HIV, HBV, HCV, rota, vaccinia, BVDV). This medical product is CE certified (CE 0481).

### Fields of application

For surface disinfection, wiping disinfection and disinfecting surface cleaning of water-resistant surfaces.

### Dosing instructions

For disinfection prepare the dilution (0,5 resp. 0,75% at high load--4h, 1%-1h, 2%-15min.) depending on the intended residence time and apply it thinly and wiping on the pre-

cleaned surface. After disinfection wipe surface with clear water. Assure complete wetness. Always use fresh prepared dilutions. According to the application area of the medical product the surface is to rinse or wipe carefully after disinfection in order to remove product residues.

### Spectrum of activity

Bactericide, fungicide, viricide (HIV, HBV, HCV, rota, vaccinia, BVDV).
